To centre members, newsletter subscribers, and members of CORA’s Advisory Board

June 2016

CORA Newsletter 2/2016

This newsletter contains a briefing on the activities of the centre and its members.

It has been a busy time of the year, not least because of exams and other end-of-semester activities. Nevertheless, we have performed a great deal.

Please enjoy the newsletter – and have a nice summer.

Articles etc

Research track on legal basic concepts and patterns of thought

Trine Baumbach, Intentional participation and dolus eventualis - what does it take?, feature article, 27th of April 2016, TV2.dk

Research track on the law in a media society

Trine Baumbach, Anonymous unedited contributions to the debate – should nobody bear the responsibility?, in Clausen, Larsen, Mortensen & Pedersen (editors), Not just legal philosophy. Festschrift for Sten Schaumburg-Müller, 2016, p. 57-72.

Michael Gøtze, Whistleblowers are important, article in JyllandsPosten, 15th of June 2016.

Research track on the law in a risk society – towards a sustainable society

Other

Personalia

Cora welcomes Kasper Ullerup Bach, who is employed as a post doc on a project on the Consolidation Act on Legal Protection and Administration in Social Matters. The project is partly financed by funding from the Ministry of Justices’ research fund. Kasper Ullerup Bach has been employed as a special consultant at the Ministry of Social Affairs and the Interior. He has written a PhD-thesis on the interaction between EU state aid rules and the Competition Act in 2013.

Michael Gøtze has been appointed as a member of the Danish Institute for Human Rights’ monitoring group in relation to a project on human rights in the municipalities.

Michael Gøtze has been appointed a member of the master thesis committee. The committee distributes supervisors for master thesis student after the new thesis model.

Appropriations

Research track on the law in a risk society – towards a sustainable society

Anita Rønne is participating in an interdisciplinary project, where EU Interreg has granted 3.234.020 million euro (net) over a period of 3 years, starting from the 1st of September 2016. The project “Smart Cities Accelerator” shall increase the use of sustainable energy in the Øresund (The Sound) Region, and entails an interdisciplinary cooperation regarding the development of methods and techniques for more sustainable municipal energy solutions. The project is carried out by lead partner DTU together with the universities in Copenhagen (law and anthropology) and Lund and five municipalities in Sweden and Denmark. Anita Rønne’s appropriation constitutes 2.110.758 DK (282.323 euro) with 50 % self-financing or net 1.055.379 DK (141.661,50 euro).

Previous conferences etc

CORA-master thesis seminar, 3rd of May 2016, from 15-16, Alexander Hall.
