MAP OF CAMPUS 42
Address by the Rector

Dear International Student

Welcome to the University of Iceland.

I am delighted that you have decided to come to Iceland and study at the University of Iceland. The University is part of a global network of learning and strives to create opportunities for local young people as well as those that come from afar.

The University of Iceland, founded in 1911, is a progressive educational and international research institution. It places great emphasis on research and educating young people; preparing them for taking an active part in society as well as making their mark in the global community. Currently there are around 14,000 students enrolled at the University including over 1,000 international students.

Dynamic and extensive collaboration with research institutions and industry is an important factor in the University’s operations. Furthermore, working with leading universities in the world is the foundation for an international network of knowledge. One of the University’s long-term goals is becoming a leading international university; and it is now ranked among the best 300 universities by the Times Higher Education World University Rankings.

This booklet contains information that I trust will prove useful for you, about the academic community at the University and the various services provided for students.

International students are a welcome addition to our academic environment and are very much appreciated.

Again, welcome to Iceland, and welcome to the University of Iceland. I hope that you will enjoy your time here, both in your studies at the University, but also living in Reykjavik and that you will look back at your time here with fond memories.

Kristín Ingólfsdóttir, Rector / President
Introduction

International and unique

The University of Iceland has been the centre of knowledge in Iceland for more than a century. Continuous development and a clear vision for the future are, and will continue to be, the strength of the University.

The University of Iceland is a public university, situated in the heart of Reykjavík, the capital of Iceland. A modern, diversified and rapidly developing institution, the University offers opportunities for study and research in over 400 programmes spanning most academic fields: Social Sciences, Health Sciences, Humanities, Education, Engineering and Natural Sciences. The University of Iceland is the only university in Iceland offering undergraduate and graduate programmes in all its fields, including doctoral degrees.

Some of the resources available at the University are uniquely Icelandic. These include the medieval manuscripts preserved at the Árni Magnússon Institute for Icelandic studies, the Icelandic census records dating from 1703, the exceptionally complete genealogical data and extensive climatological, glaciological, seismic and geothermal records.

The academic staff at the University of Iceland maintain excellent international relations and many of them are leaders in their respective fields within the international scientific community. Furthermore, the University of Iceland has made numerous agreements with outstanding international universities and research organisations on student and faculty exchanges as well as research cooperation.

All of the University’s students have the option of taking part of their studies at universities overseas. A large number of international students are enrolled at the University of Iceland, and their number is growing. The University employs many international academics and scholars, and brings in lecturers from abroad almost on a daily basis. Hence, the University is a vibrant and multi-dimensional community.
The International Office oversees and manages the international affairs of the University. The office provides information and assistance to incoming international students and academic staff. Please do not hesitate to contact us or visit the office in case you need assistance.

University Centre (3rd floor), Sæmundargata 4, 101 Reykjavik. Tel: +354 525 4311
ask@hi.is

Email for incoming exchange students:
incoming@hi.is

Opening hours: Mon–Fri 10–12 and 12:30–15
Planning Your Study Abroad

At the University of Iceland, we welcome a large and increasing number of international students every year.

Embarking on studies at a university in a foreign country will be a challenging life experience. Many of the questions you will have are addressed in this brochure. You will find extensive information on courses, services and social activities at the University website, english.hi.is.

Admission – International degree seeking students

Information for international degree seeking students and an application for admission can be found online at english.hi.is/university/international_students_0

The deadline for international students (other than exchange students) to apply for undergraduate and graduate studies is February 1\textsuperscript{st} (for the following academic year). Students from the Nordic countries are exempted and may apply for undergraduate studies until June 5\textsuperscript{th} (with the exception of the Icelandic as a second language programme, for which the deadline is February 1\textsuperscript{st} for all students).

Admission requirements

Students must have completed a matriculation examination or the equivalent to be considered for admission for undergraduate studies. For entry requirements see enic-naric.hi.is/?page_id=92&lang=en

Specific faculty rules apply for admission requirements for master’s and doctoral studies. Please refer to the Graduate school website: midstodframhaldsnams.hi.is/english

Fees

The annual registration fee for the UI is ISK 75,000. There is additionally a 50€ application fee for citizens of countries outside the EU/EEA. The fee is charged as part of the online application process and is payable by credit card only. The handling and processing fee is NOT refundable.

Admission – Exchange students

Please note that the application process is different for exchange students than international degree seeking students, with different deadlines.
All prospective exchange students should begin the process by contacting their home university. They must have completed at least 60 ECTS credits, and there must be a student exchange agreement between the home institution and the UI. The student applies to the home university, and if she/he is accepted the home university exchange coordinator will nominate the student to UI. UI will email all relevant information on the application process to nominated students.

Application deadline for the Autumn semester and a full academic year is **March 1\(^{st}\)** (EEA citizens: **May 1\(^{st}\)**). Deadline for the Spring semester is **August 1\(^{st}\)** (EEA citizens: **October 1\(^{st}\)**).

After filling in the online application, students must have the printed version signed by the home university exchange coordinator and send it by mail to the International Office along with the accompanying documents as instructed.

Further information can be found on [english.hi.is/university/international_exchange_students](english.hi.is/university/international_exchange_students)

---

### Student residence permit

All international students must meet the requirements set by either the Directorate of Immigration (i. Útlendingastofnun) or Registers Iceland (i. Pjóðskrá), depending on their citizenship, in order to register into Iceland. Once you have been registered you will be issued an Icelandic ID number (i. kennitala, see p. 19).

#### Non EU/EEA citizens

Citizens of countries outside the EU/EEA regardless of length of stay must obtain a student residency permit before entering Iceland. The deadline to submit an application to the Directorate of Immigration is **July 1\(^{st}\)** for the Autumn semester and **November 1\(^{st}\)** for the Spring semester.

Non-EU/EEA citizens may have to apply for a visa to enter Iceland. The Directorate of Immigration ([utl.is](utl.is)) provides further information on which nationals are exempted from carrying a visa.

Applications shall be submitted directly to the Directorate of Immigration, detailed instructions are provided on their website [utl.is](utl.is). See also the booklet “How to apply for a student permit in Iceland” available online: [english.hi.is/practical_information](english.hi.is/practical_information).

Once the Directorate of Immigration has processed and accepted your student residence permit/visa application you will be able to receive your Icelandic ID number - kennitala at the University’s Service Desk at the University Centre.
**EU/EEA citizens staying for ONE semester**
EU/EEA citizens (including Nordic citizens) staying for only one semester must apply for a student registration permit through the University of Iceland at least a month prior to arrival and no later than **July 10th** for the Autumn semester and **November 10th** for the Spring semester. Processing may take up to five weeks. Students must have paid the registration fee at the University of Iceland before applying for a student residence permit (this does not apply to exchange students). Students will receive an email from the University with the necessary form to fill out.

**EU/EEA citizens staying for MORE than one semester**
EU/EEA citizens (this does not apply for Nordic citizens) staying for more than one semester must apply for a student registration permit through the University of Iceland at least one month before arrival and no later than **July 10th** for the Autumn semester and **November 10th** for the Spring semester. Processing may take up to five weeks. Students must have paid the registration fee at the University of Iceland before applying for a student residence permit (this does not apply to exchange students). Students will receive an email from the University with the necessary forms to fill out.

**Nordic citizens**
Nordic citizens that are planning on staying for more than one semester must go directly to the Registers Iceland Office and fill out the necessary form in person and present their passport. Please note that you must act immediately upon arrival, and finalize your registration in Iceland – please see Arriving in Reykjavik, p. 18.

**Work permit**
A special work permit is not required for EU/EEA citizens. Non-EU/EEA citizens must have been issued a work permit before entering Iceland. For information about work permit see the website of the Directorate of Immigration, [utl.is](http://utl.is).

**Health issues**

**European citizens**
European students must bring the European Health Insurance Card (EHIC) and/or the insurance form E-104. This is proof that you are entitled to health insurance in your home country. For further information or if in doubt, see the website of the Icelandic Health Insurance, [sjukra.is/english](http://sjukra.is/english).

**Citizens of countries other than EU and EEA**
Students from non-EU/EEA countries should have health insurance from an insurance company in
their country that is licensed to operate in Iceland, or purchase medical insurance from an Icelandic insurance company covering at least 2,000,000 ISK valid for the first six months of their stay. The cost of insurance is approximately 15,000 ISK. Please note that there is a deductible, often around 50,000 ISK. Applicants for a student residence permit coming from Central and South America, including Mexico, non-EEA European countries, Asia or Africa must undergo a medical examination.

If the applicant, in the opinion of a physician, has a valid medical certificate from the applicant’s home country, which has been issued less than three months earlier, the applicant does not have to undergo a medical examination. Applicants from the EEA, Australia, New Zealand, Switzerland, USA, Canada and Israel do not have to submit such a medical certificate. For further information see landlaeknir.is/english/working-in-iceland

Students in need of a health check can go to the Division of Communicable Disease Control, at Pönglabakki 16, 109 Reykjavík or any other Primary Health Care Clinic. The health check includes testing for tuberculosis, HIV and other infectious diseases. The results are sent directly to the Directorate of Immigration. The cost is approx. 20,000-30,000 ISK. For more information see heilsugaeslan.is. You can make appointment by phone +354 585 1390 weekdays from 8:30 to 16:30. It is strongly recommended that you make an appointment before arrival in Iceland.

Persons who have been legally resident in Iceland for six months become members of the Icelandic social insurance system. This applies unless intergovernmental treaties say otherwise.

### Accommodation

While it is, of course, best to secure accommodation before you move to Iceland, this may not always be possible. If you need temporary accommodation during your first days in Iceland, a guesthouse or a youth hostel may be the best short-term solution while you are looking for more permanent housing. For a list of hotels and guesthouses in Iceland, go to accommodation.is or hotelscombined.com

### Rentals

The University of Iceland does generally not secure accommodation to students. The rental market in Reykjavik is challenging, but the following options will be helpful.

- **Accepted international students will be given access to a database** with available accommodation for the academic year. Students select the accommodation from the list and contact the landlord directly. The University of Iceland does not guarantee the
rentals, and students rent the rooms at their own responsibility. Once you have confirmed the room to your given landlord, the contract is binding, so it is important to have all the information necessary before confirming the room.

• **Student housing office** offers students at the University of Iceland a very limited number on-campus housing at a fair price. They offer rooms and apartments for individuals, apartments for two persons or couples and two-, three- and four-room family apartments. For more information, consult the website [studentagardar.is](http://studentagardar.is). Please note that the supply is very limited.

• **Search online.** Websites such as [husaleiga.is](http://husaleiga.is), [airbnb.com](http://airbnb.com) and [island.is/en/education/students/student-housing](http://island.is/en/education/students/student-housing).

• **Advertise** – you can put up an ad saying that you are looking for a flat on billboards of the University and other public notice boards.

• **Word-of-mouth** – Tell everyone you know that you are looking for an apartment. Often apartments for rent are not advertised in the papers or on-line, as they are rented through acquaintances before people get the chance to advertise them.

You should expect to pay from approximately 70,000 ISK and up per month for renting a single room with access to a kitchen and bathroom.

When renting a flat or a room, you normally pay a month in advance and a security deposit. **You should always have a written, signed lease.** Note that oral contracts have a notice period of one month. For more information on leases or to print out a lease in English go to [eng.velferdarraduneyti.is/forms](http://eng.velferdarraduneyti.is/forms).

**Mentor system**

To help international students get a good start, the University of Iceland in collaboration with the Student council has a well-organised mentor system. The main task of the mentor is to provide the student with practical information about the University of Iceland and Icelandic society, as well as to introduce her/him to the students and student life in general. Students will be instructed on how they can sign up for a mentor.

**Climate in Iceland and what to pack**

The climate in Iceland is characterized by sudden changes in weather and temperature, and the daily weather is often unpredictable. In the summer the temperatures may not rise much above 10 - 12°C and it may be windy and wet. The average temperature in winter is just above freezing, but again it may be windy and cold. You will need to pack warm clothing – a warm coat, wool sweater and
waterproof shoes or boots are advisable. Do not forget your swimming suit, in Iceland you swim in the outdoor geothermal pools year round.

**Remember to pack**

- Tickets, insurance papers and other documents required for the residence permit, i.e. documentary evidence that you have enough money to support yourself while studying in Iceland (a recent bank statement or proof of scholarship)
- Passport (check that the passport is valid for three months longer than your expected stay in Iceland)
- Acceptance letter from the University of Iceland and other relevant documents
- Sheets, blankets, duvet and towels (check with your landlord what is included in your housing)

**Cancellation of admittance**

Exchange students should notify the International Office immediately, if for whatever reason, they may not be able to come to the University of Iceland after having been admitted.

International degree seeking students should be aware that registration fees are by law non refundable.

**Academic year**

The academic year is divided into two semesters, Autumn and Spring, each semester lasting thirteen weeks. The academic calendar varies somewhat from one faculty to another. The Autumn semester begins in late August / early September with examinations in December, while the Spring semester begins in early January with the examinations completed by the middle of May. The academic calendar can be accessed on [english.hi.is/university/academic_calendar](english.hi.is/university/academic_calendar)

**Course catalogue**

The course catalogue (i. *kennsluskrá*) contains detailed information about courses, programmes and the language of instruction. In addition to the above, the course catalogue provides information about the University’s administration and faculties, the academic year, registration, fees, examinations and various other issues of concern to students. See [ugla.hi.is/kennsluskra/index.php?tab=skoli&version=current&lang=en](ugla.hi.is/kennsluskra/index.php?tab=skoli&version=current&lang=en)

**Subjects and credits**

Exchange students may take a combination of courses and subjects from different departments. Lectures, seminars and required reading
material/curriculum will prepare the student for examinations in a subject at different levels. **University of Iceland uses ECTS credits where 60 ECTS credits amount to one year of full-time study.**

Students with citizenship outside the EU/EEA that plan on staying in Iceland for more than 3 months, must be registered for full-time studies (30 ECTS credits per semester).

### Grading system

Grades are awarded on a scale of 0-10 in steps of 0.5.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>9.0 to 10.0</td>
<td>First class with distinction</td>
</tr>
<tr>
<td>7.25 to 8.99</td>
<td>First class</td>
</tr>
<tr>
<td>6.0 to 7.24</td>
<td>Second class</td>
</tr>
<tr>
<td>5.0 to 5.99</td>
<td>Third class</td>
</tr>
<tr>
<td>&lt;5</td>
<td>Fail</td>
</tr>
</tbody>
</table>

[english.hi.is/university/credit_system_and_grades](english.hi.is/university/credit_system_and_grades)

Students access their grades in the Ugla intranet, under "My courses".

### Language of instruction

In general, the language of instruction at the UI is Icelandic. Several faculties offer some courses taught in English, as well as full programmes at graduate level taught entirely in English.

Please note that **proof of English proficiency requirements** may apply to applicants whose native language is not English. Further information on programmes and courses is available in the course catalogue.

### Icelandic language and culture courses

Two programmes are offered in Icelandic as a second language at the Faculty of Icelandic and Comparative Cultural Studies. The BA programme in Icelandic as a second language and The Practical Diploma in Icelandic as a second language. The application deadline for the academic year is **February 1st**.

- **BA programme in Icelandic as a second language.** Access to this route is through a qualifying examination held at the beginning of the Autumn semester. Skills tested are similar to those in the open course *Icelandic Online 1 and 2*, [icelandiconline.is](icelandiconline.is)
• **Practical Diploma in Icelandic as a second language.** The programme is to provide students with general language proficiency in Icelandic. It is aimed at beginners. Exchange students that are registered in other academic programmes can also take one or more courses from the programme.

**Intensive language preparation course in Icelandic**
The University Centre of the Westfjords offers an intensive three week course in Icelandic language and culture in August, especially designed for exchange students and other international students. They offer other intensive Icelandic language courses throughout the year. For further information, see [uwestfjords.is/icelandic_courses](http://uwestfjords.is/icelandic_courses).

**International summer course in Modern Icelandic and Icelandic culture at the Árni Magnússon Institute for Icelandic Studies**
The Árni Magnússon Institute for Icelandic Studies in cooperation with the School of Humanities at the University of Iceland organises an International summer course in Modern Icelandic and Icelandic culture. For further information, see [arnastofnun.is/page/althjodlegt_islenskunamskeid_en](http://arnastofnun.is/page/althjodlegt_islenskunamskeid_en). Please note that applicants’ residence must be outside of Iceland.

**History of Iceland – a course for exchange students**
The Faculty of History and Philosophy offers the course *Introduction to the History of Iceland: From Settlement to Modern Times*. The course is intended to introduce students to the history of Iceland from settlement in the ninth century to modern times providing an overview of events and developments during this long period. Political, social, economic and cultural aspects will be examined by way of key themes. For further information see [ugla.hi.is/kennsluskra/index.php?tab=skoli&chapter=content&id=24273&version=current](http://ugla.hi.is/kennsluskra/index.php?tab=skoli&chapter=content&id=24273&version=current). The course is open for all exchange students.
Arriving in Reykjavík

We recommend that you arrive in Reykjavík at least a week prior to the beginning of the semester (see the Academic Calendar at english.hi.is/university/academic_calendar.) This will give you time to finalize your registration in Iceland (see below), settle in, and get acquainted with the city before starting classes.

Orientation meeting

An orientation meeting for international students at the University of Iceland is held at the beginning of each semester. The aim of the meeting is to introduce the practicalities and various services at the University of Iceland and should give international students a good overview of what to expect at the University and of life in Iceland.

Registration/student residence permit

You must act immediately upon arrival, and finalize your registration in Iceland.

Non-EU/EEA citizens

Students that are citizens outside of EU/EEA and have applied for a student residence permit to the Directorate of Immigration as required before arrival, have to go there with their passport to get their picture taken. Students must submit a housing certificate within two weeks of arrival (see Student residency permit on page 10). Some students are required to undergo a health check (see Health issues on page 11).

EU/EEA citizens staying for ONE semester

Students who are EU/EEA citizens (including Nordic citizens) and have applied for a student residence permit to the University of Iceland as required before arrival and are staying only one semester must go directly to the University’s Service Desk at the University Centre to complete their registration.

EU/EEA citizens staying for MORE than one semester

Students who are EU/EEA citizens (this does not apply for Nordic citizens) and have applied for a student residence permit to the University of Iceland as required before arrival and are staying for more than one semester have to go directly to the Registers Iceland with their original documents to announce their arrival and complete their registration.

Nordic citizens

Nordic citizens who are staying for more than one semester apply for their student residence permit
directly to the Registers Iceland upon their arrival.

**Icelandic ID number - Kennitala**

Once your registration/student residence permit is complete you will be issued an Icelandic ID number - kennitala, that is administered by the Registers Iceland. It is composed of 10 digits; the first six digits are your date of birth in the format ddmmyy. The Icelandic ID number - kennitala is necessary in order to register legal residence, open a bank account and access the University’s intranet Ugla to name a few uses.

**Registration at the University of Iceland**

Once you have been registered as a student in Iceland and issued an Icelandic ID number – kennitala, you can go to the website nynemar. hi.is to get your username and password providing access to the intranet Ugla, computer labs and internet connections. You can also request it at the University’s Service Desk located in the University Centre. Please bring your personal identification e.g. passport. All students at the University of Iceland have access to study facilities, libraries and numerous computer labs around campus, see: rhi. hi.is/en/computer_labs.
Ugla - intranet and email

The intranet of the University is called Ugla (e. Owl), where students and staff have access to various tools for their studies and work. Ugla is a powerful network of information, instructions and services available to the University’s students and staff, and serves as one of their primary working tools. It is moreover a lively, secure, online community.

See further information on Ugla on the Computing Service’s website: rhi.hi.is/en/ugla_owl.

Once you have obtained your username and password for Ugla you can change your course selection. If you need assistance you may also send an e-mail to the Student Registration, nemskra@hi.is. Exchange students need the permission of their respective faculty when registering for courses at the graduate level. The last day to revise your course selection is September 10th in the Autumn semester and January 21st in the Spring semester. Your timetable is available in Ugla under My Ugla.

Your username is also part of your e-mail address at the University, e.g. a student with a username abc1 has the e-mail address abc1@hi.is. It is essential that as soon as you get your e-mail address, you start checking it frequently so that you will not miss any important messages. Teachers and administrative staff expect students to use Ugla on a daily basis and read their e-mail regularly as most announcements are sent out electronically. Should you prefer to use another e-mail address you must forward your e-mails from your University of Iceland e-mail to that address.

If a web-key or password is misplaced students can get a username and password at the University’s Service Desk.

Introduction to Iceland

“Introduction to Iceland” is a recreational programme organized by the International Office for international students and visiting teachers at all Icelandic institutions of higher education. The aim of the programme is to give visitors a taste of Icelandic history, culture and daily life through excursions to interesting sights, lectures by prominent individuals in their fields, and visits to cultural institutions. Students will receive invitations to attend events by e-mail.

For further information please visit the following website: studyiniceland.is/page/Introduction_to_Iceland_
Living and studying away from home can be a challenging experience, particularly in the beginning of your stay. The staff at the University of Iceland is happy to help you, or to point out where you can get assistance.

Service Desk at the University Centre

The Service Desk (i. þjónustuborð) at the University Centre serves as a reception for all service units located at the University Centre, and is consequently the first port of call for students that are in need of services of any kind. Students can collect information on academic programmes, buy print quota and acquire various certificates and academic career transcripts. Students can also turn to the University of Iceland Computer Services’ branch at the University Centre for assistance in connecting to the network, printing, etc.

The Service Desk opening hours are Mon-Thur 8:30-17 and Fri 8:30-16. Summer hours: Mon-Thur 8:30-16:30 and Fri 8:30-16. Tel. +354 525 5800, fax +354 525 5802, email: haskolatorg@hi.is.

Student Registration

The University of Iceland’s Student Registration (i. Nemendaskrá) oversees registration for all students, their course selection and their academic progress, examination and grades.

The Student Registration is located in University Centre, level 3. Tel. +354 525-4309, Fax: +354 525-4317, email: nemskra@hi.is.
Opening hours: Mon-Fri 9-12 and 12:30-15.

International Office

The International Office (i. Skrifstofa alþjóðasamskipta) oversees and manages the international affairs of the University. The office provides information and assistance to incoming international students and academic staff. It also serves UI students that are going on student exchange through ERASMUS, NORDPLUS or bilateral student exchange cooperative agreements.
The International Office organises the Mentor system for incoming international students in cooperation with the Student Council and runs the Introduction to Iceland programme.

It is located in the University Centre (3rd floor), Sæmundargata 4, 101 Reykjavík. Tel: +354 525 4311, email ask@hi.is. Email for incoming exchange students: incoming@hi.is

**School and Faculty Offices**

Individual school and faculty offices provide all necessary information about the organisation and arrangement of different programmes, including information on timetables, regulations concerning the arrangement of study, individual courses, examinations, projects, submissions, regulations concerning the faculty, and foreign exchanges. They also offer assistance with course selection. Please see english.hi.is for information on the location of individual school and faculty offices and office hours.

**National and University Library of Iceland**

Students at the University of Iceland have access to the most extensive and comprehensive library in the country – the National and University Library of Iceland. Students receive a library card free of charge, which grants them access to electronic data banks, all final theses submitted by students at the University, and more.

The Library also operates a number of branches and specialised libraries on campus. For further information see landsbokasafn.is

Summer opening hours: Mon–Fri 9–17, Sat 10–14, Sun closed.

**Computing Service**

The Computing Service of the University (i. Reiknistofnun) maintains and supervises the University's computer systems. It services, installs and operates computer networks and servers, and looks after Internet connections for the University's students and staff. The Computing Service operates a telephone service and an IT Help Desk that is located next to the Service Desk in the University Centre.

Tel: +354 525 4222, email help@hi.is - rhi.hi.is/en

Opening hours: Mon–Fri 8–16.
University Student Counselling and Career Centre

The University Student Counselling and Career Centre (USCCC) (i. Náms- og starfsráðgjöf Háskóla Íslands) provides the University’s students with various kinds of support and services while studying at the University, such as advice on course and programme selection, study skills and resources for disabled students or students with special needs.

The USCCC office is located on level 3 of the University Centre, phone: +354 525-4315, email: radgjof@hi.is. Students can book an appointment with a counsellor or come during drop-in hours. Further information on the service can be found on the USCCC website nshi.hi.is/

Icelandic Student Services

Icelandic Student Services (i. Félagsstofnun stúdenta) is a company catering to service the students at Ui, with the main goal of offering students good service at good value.

The University Bookstore provides students with textbooks, office supplies, books and magazines.

Course reading lists for most courses can be accessed at the store’s website boksala.is and orders made directly from the lists. A convenience store and a café are located inside the bookstore. The University Bookstore is located at University Centre, but a smaller store is located at the Stakkahlid campus.

Tel: +354 570 0777, email boksala@boksala.is - website boksala.is

The Student Housing provides various sorts of housing. Most of the Student Housing is located on campus, but the availability is very limited. Further information at studentagardar.is

Icelandic Student Services preschools are located in the Student Housing area serving children from 6 months to 6 years. To apply your child needs to have an Icelandic ID number (i. kennitala).

Student Cafés are located in six buildings on campus. The cafeteria Háma is located at the University Centre and in Stakkahlíð.

The Student Cellar (Stúdentakjallarinn), a student bar and restaurant, is located at the University Centre.
**The Student Agency** is a resource for students seeking jobs: summer, part-time and temporary jobs. The Student Agency also has some housing listing. See [fs.is/studentamidllun](http://fs.is/studentamidllun)

**Student Council**

The role of the Student Council (i. *Stúdentaráð Háskóla Íslands* - SHÍ) is to protect and promote the interests of students at the University of Iceland and to be their advocate both within and outside the University. The Student Council deals with a variety of issues and provides students with assistance and information upon request.

A part of the services the Student Council offers is directed towards the needs of international students. The aim is to make international students feel welcome and to help them to adjust to student life at UI. The Student council organizes the Mentor system for international students in collaboration with the International Office.

University Centre, 3rd floor.
Tel: +354 570 0850, email: shi@hi.is - studentarad.is
Opening hours: Mon–Fri 8–16.

**Student Associations**

Student associations are responsible for social activities and happenings for students throughout the academic year. There is usually a society within each Faculty, but there are also various related associations, such as the Association of Gay Students and the Association of Christian Students. There is a Student Theatre Group, a University Choir, University Dance Group and many other interesting and fun groups that students can take part in.

**ESN Reykjavík**

ESN Reykjavík is a part of a European network called ESN (Erasmus Student Network); despite its name, all international students (not only Erasmus students) are welcome to become members. With more than 280 local sections in 34 countries, ESN offers services to over 150,000 students. Membership card (ESN Card) grants discounts and events in all active ESN countries.

ESN Reykjavík focuses mainly on making the experience of international students more fun and exciting. For more information, see [esnreykjavik.com](http://esnreykjavik.com).
University Sports Centre

All students at the University of Iceland may use the University Sports Centre (i. Íþróttahús) on the main campus for a nominal fee, see english.hi.is/university/sports_facilities.

University Cinema

UI students receive a 50% discount off the first film screenings each day at the University Cinema (i. Háskólabíó), upon presentation of their student cards.

Open University

Lectures, symposiums, conferences and other events under the auspices of the University are open to the public year-round. Many of these events are in English, and students are especially invited to take part. A list of events is available at hi.is.
Iceland – New and different

Iceland is an island of 103,000 km² (39,756 sq. miles). Its highest peak, Hvannadalshnjúkur, rises to 2,109 m, and over 11 percent of the country is covered by glaciers.

Iceland means new and different things for you to see and do, whatever the season. Every part of the year has its own special attractions, character and charm. And don’t let the name deceive you – Iceland can be very warm in summer when the sun shines virtually round the clock, while January temperatures are around 0°C.

Situated on the Mid-Atlantic Ridge, Iceland is a hot spot of volcanic and geothermal activity; thirty post-glacial volcanoes have erupted in the past two centuries, and natural hot water supplies much of the population with cheap, pollution-free heating. Rivers, too, are harnessed to provide inexpensive hydroelectric power.

Reykjavík – Pure energy

Reykjavík is a city of striking contrasts where international influences mingle with Icelandic national traditions. A unique culture where old embraces new.

Whatever your interests, Reykjavík has something to offer. Whether you are seeking the bustling energy of a cosmopolitan city, rich cultural life, the thundering thermal energy in the ground beneath your feet or the quiet green energy of the landscape surrounding the city, Reykjavik promises a memorable stay.

Currency

The Icelandic unit of currency is the króna, abbreviated ISK. You can check the rate of the ISK at e.g. gengi.is. You can exchange the most common foreign currencies in banks. ATMs are widely found.
Credit and debit cards are commonly used in Iceland, even for very small transactions and most shops and businesses accept all major credit cards.

### Cost of living

**Tipping**
As service and VAT are always included in prices, tipping is not required nor expected in Iceland.

Cost of living in Reykjavik, see [numbeo.com/cost-of-living/city_result.jsp?country=Iceland&city=Reykjavik](http://numbeo.com/cost-of-living/city_result.jsp?country=Iceland&city=Reykjavik)
The estimated cost of living in Iceland for a single person is ISK 163,635 per month (minimal support guidelines set by the municipalities).

### Health care and emergency services

Iceland is divided into health care regions, each with their own primary health care centres, some of which are run jointly with the local community hospital. The health care centres are open from 8–16 Monday to Friday for those who have made an appointment. From 16–18, doctors are available for consultation without an appointment, but you can expect to pay a somewhat higher fee. This service is open to all regardless of insurance. Those that cannot show proof of insurance, though, will pay higher fees. To find the health care centre see: [heilsugaeslan.is](http://heilsugaeslan.is)

For medical problems that arise after the closing time of the health care centres, you can use the health care service “Læknavakt”, located at Smáratorg 1 in Kópavogur – call 1770, [laeknavaktin.is](http://laeknavaktin.is)

Emergency services (i. *Slysa- og bråðamóttaka*) are located at the National University Hospital (i. *Landspítali*) in Fossvogur, in 108 Reykjavik. **If you need immediate assistance or an ambulance, call 112.** Be prepared to state your name and your location.

**Health Centre for uninsured immigrants**
The Health Centre (i. *Heilsuvernd ehf*.), Álfheimar 74, Glæsibær, 104 Reykjavik, is a private Health Centre for tourists and uninsured people, which provides medical service for general illness and minor injuries. It is a walk-in clinic but one can also make an appointment.

**For police, ambulance or fire, call 112**

### Shopping

General shopping hours on weekdays are from 10–18, and on Saturdays from 10–14/16. Some shops are also open on Sundays and a few are open 24/7. The shopping malls are open on Sundays. Wine, liquor and beer can only be bought at the state liquor shops called Vinbúðin. They are open
on weekdays from 11–18 (some locations until 20) and on Saturdays from 11–18.

**Buses**

One of the most economical way to travel around Reykjavík is by bus. A single fare is ISK 350 and can be paid directly to the bus driver (exact fare). You can buy discount cards at Háma, the Strætó terminals and shopping malls. If you move your residency to Iceland you can buy a student bus card after registering at UI, see bus.is.

**Telephones and post offices**

The country code for Iceland is 354. To call from Iceland, dial 00 (or use the “+” sign) for an international line, then the country code followed by the area code and finally the phone number.

To use your mobile phone you should get an Icelandic phone card. There are several cell phone companies in Iceland, e.g. Nova, Vodafone and Síminn. They all offer various services including prepaid phone cards. The Erasmus Student Network in Reykjavik has a phone card offer for students.

Post Offices are open on weekdays, usually 9–18: postur.is/en.

---

### Working in Iceland

**Work permit**

A special work permit is not required for EU/EEA citizens. Non EU/EEA citizens must have been issued a work permit before entering Iceland. For information about work permit see the website of the Directorate of Immigration, utl.is

**Income tax**

Everyone working in Iceland must pay taxes. The taxation system in Iceland is a PAYE system (Pay-As-You-Earn). Employers are required to deduct taxes from all salaries and wages paid out to employees. A **tax card** (i. *skattkort*) entitles you to personal tax credit. To get a tax card, go to the tax office see Internal Revenue Office (i. *Ríkis-skattstjóri*) website: rsk.is. You must have an Icelandic ID number (i. *kennitala*), residence permit and be employed.

All employees must file a tax return to the IRO, which must be done not later than one week before leaving the country, see rsk.is.
Going back home

At the end of your stay, there are a few things that need your attention before you head back home.

**Transcript of records**

Exchange students get two copies of their transcript of academic records free of charge at the end of their stay. They are sent directly to the home university, in January after the Autumn semester and in June for the academic year/Spring semester. The Service Desk will provide additional copies, each copy costs ISK 350. Please note that transcripts or certificates of exchange students are only given to the student himself, his home university or to a third person if she/he provides a written permission from the student.

**Obtain the signatures needed**

Exchange students should remember to get all their papers that their home universities may require, e.g. departure documents and learning agreements, signed by the International Office before departure.

**Final report**

Exchange students are required to file a final report at the end of their stay. The report is filled out online, instructions are sent via email.

**Inform the Registers Iceland of your departure**

All international students need to notify their departure to the Registers Iceland before leaving Iceland. You can also fax the form to +354 515 5310 after leaving Iceland, but it is advised to do this before leaving. See [skra.is](http://skra.is).

**Accommodation**

Students are advised to clean their rooms/apartments and arrange for inspection of the room with the landlord. This should be done prior to departure in order to ensure the return of the deposit. This is a way of avoiding any misunderstandings regarding cleaning or decoration of your room, which might otherwise result in extra bills after your departure.
